**Kindermusik Village (ages newborn-18 months)**

This class is a place where life's merry-go-round slows down to let you and your child share in the magical movements that happen through music, movement, touch and sounds. Through a variety of engaging activities in which you interact with your child at his/her own developmental level, you will be given a peek inside your child's miraculous little body and brain. These moments of discovery will help you to understand how with every tune and rhyme, with every tickle and whisper, with every song and peek-a-boo, you help unfold your baby's natural gifts. Curriculums for this semester will be **"Cockle-Doodle-Moo and Dew Drops"**. (45 minute class- 2 sets of materials. Each set includes music app, book, and instrument. Only enrolled children may attend.

**Kindermusik Our Time (ages 18 months-3 years old)**

Our Time encourages toddlers to uncover an engaging musical world while building confidence, self-control and communication skills. Singing, imitating sounds, rhyming, and object identification foster language skills, while creative movement to various musical "moods" develops a sense of balance, timing, and spatial awareness. Listening and turn-taking encourage blossoming social skills. Hop on a train, get in the car, board the plane and **"Away We Go"** will be the curriculum for this semester. **Kindermusik Imagine That (ages 3-5 years old)**

This is accomplished through a remarkable blend of music, singing, movement, literature and imagination. This curriculum has been created to take Imagine That a giant step beyond other preschool music programs. In addition, storytelling is incorporated to encourage literacy skills. Listening skills will be developed far beyond simply listening to an isolated sound. We will take a magical journey through the toyshop as **"Toys I Make, Trips I Take"** will be the curriculum for the Winter/Spring 2024 session. Forty-five minute class-parent only attend the last 15 minutes. Siblings may also attend during parent time. Through creative learning opportunities, your child will create musical compositions-tangible accomplishments that instill positive emotions about his/her own musicality. Music listening, music appreciation and ensemble development are also key elements of the class. Materials include: Glockenspiel, bag and sticks used from semester 1, music app, handouts given weekly, new folder and other class items. This is a 55 minute class.
